

CHELSEA HARBOR /
DOWNTOWN NORWICH
Mobility Study

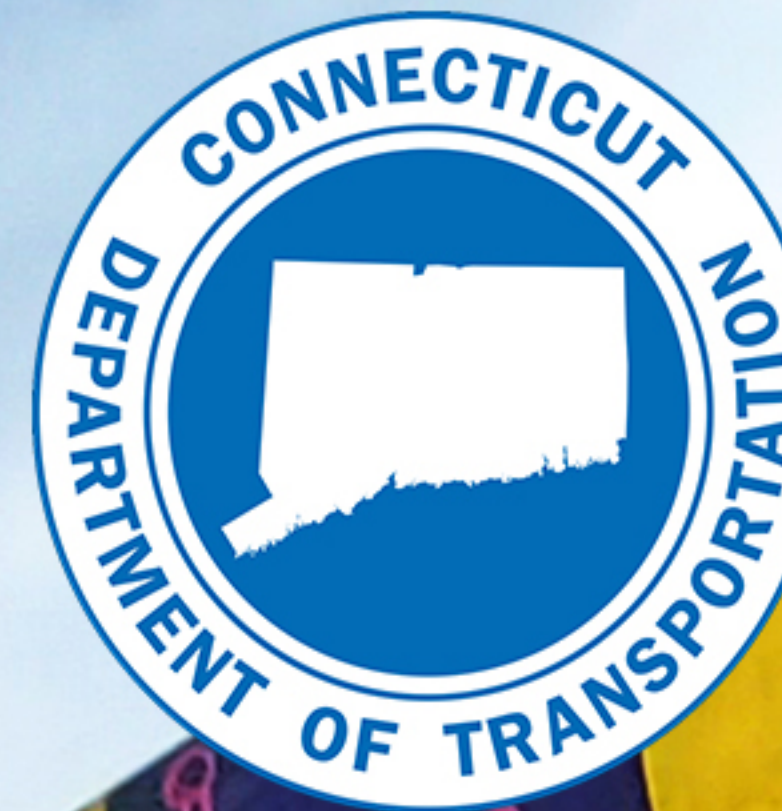

Public Information Meeting

Join us in enhancing Norwich's streets for everyone! Our study aims to boost livability, mobility, access to services, and safety for pedestrians, cyclists, drivers, and transit users of all ages. We're working to create safer routes to key destinations like the waterfront, Howard T. Brown Park, the Transportation Center, Norwich Marina, and downtown. Get involved today!

Come learn about this project and share what you think about getting around downtown Norwich! All are welcome!

Otis Library
261 Main Street
Community Room 2nd Floor

October 25th, 2023
5-7 PM

SCCOG
